YE CLASS WILL

We, the class of '31, being of sound mind and body, and being about to leave the noble and incomparable institution of learning, known to the illiterate and Freshmen (pardon, the Freshmen need not be exempt from "illiterate") as a high school, viz., Edwardsville High School, gather here a list of our belongings and a few things that we own and don't own, which we bequeath to the faculty and undergraduates of aforementioned brain factory. The details follow:

Jennie Albrecht leaves her front seat in the Senior home room to Ralph Adams.

Edward Augsburgburger leaves his boisterousness to Charles Tuxhorn.

JUNIOR CLASS HISTORY

'Twas on the desert of the Sahara by the Tomb of Rameses the Great where I met Amon, the great Egyptian prophet, direct descendant of the great god of ancient Egypt, Amon the almighty. He spake to me in his native tongue, pouring forth words of wisdom regarding the class of '32 of Edwardsville High School. Of the future of this class he would say nothing but of the past he spake a great parable.

"Once upon a time a group of Arabs went forth on the desert to capture them a band of wild Arabian horses, called Ominom by their people because of their wild nature. They were aided by their god, Allah, and succeeded in their venture, but after this band had been secured in the barns more trouble arose. These frightened beasts, being unused to the corral and unused to the company of tame steeds, balked and tried to resort to their wild habits. But the Arabs organized them and had leaders placed above them to teach them how they should behave. Gradually these mighty beasts were broken to the halter and, with the exception of the weak, who could not withstand the lashes of the masters and succumbed, were finally made gentle, wise beasts of burden ready to be sold at the market place. Only one step remained; to teach them to be leaders themselves. Of this I shall tell you nothing."

Thus, with a slight shrug of his shoulders, Amon ended his tale.

"But what means all this?" I inquired of Amon. "How is this connected with the Juniors?"

"Oh, thoughtless one," returned Amon, "do you not see that the Junior Class is represented by the band of wild horses? Their hard-

ships throughout their first two years in school and the faculty are likewise represented. This class is not yet ready to go out into the world for they must yet have another year—a finishing touch.”

I have pondered a long time over this and have not definitely figured it out even as yet, so I'll hand it down to you—figure it out if you can. Keep in mind that the class officers, the leaders, were for the Freshman year: Helen Jensen, Bob Smith, and Odell Welty; for the Sophomore year: Alvin Blixen, Jean Clark, and Emrich Cas-sens.

THE TIGER

SOPHOMORE CLASS HISTORY

As Freshmen, we led a miserable life. We knew next to nothing about the law and order of E. H. S. We were laughed at by the Seniors, jeered at by the Juniors, and scorned by the Sophomores.

Now that we are Sophomores, we tell a different story. We are the envy of the school. The wise old Seniors sigh and remember their happy Sophomore days. The Juniors yearn for the distinction which is ours. The Freshmen, so awe-stricken by our presence, are held in wonder at our power.

We are really quite famous. We have our singers, and good ones, too. We also boast of numerous musicians, orators, and athletes. We are loyal supporters of E. H. S. and no one can say that the Sophomores are poorly represented at school activities.

We dislike to think that the pictures of two other classes must precede ours on the pages of this book. But very soon we will head the list, and, as the Seniors of '33, we will cherish the memory of our Sophomore days.

FRESHMAN CLASS HISTORY

We Freshies attached ourselves to E. H. S. in September, 1930. Although we were many in number, having one hundred and forty-four, we failed to receive the respect of the upperclassmen.

We bravely bore the pranks of the Juniors and the Seniors, but when that handful of students, the class that had so recently been called Freshmen but were now Sophomores, began laughing at us, our anger knew no bounds.

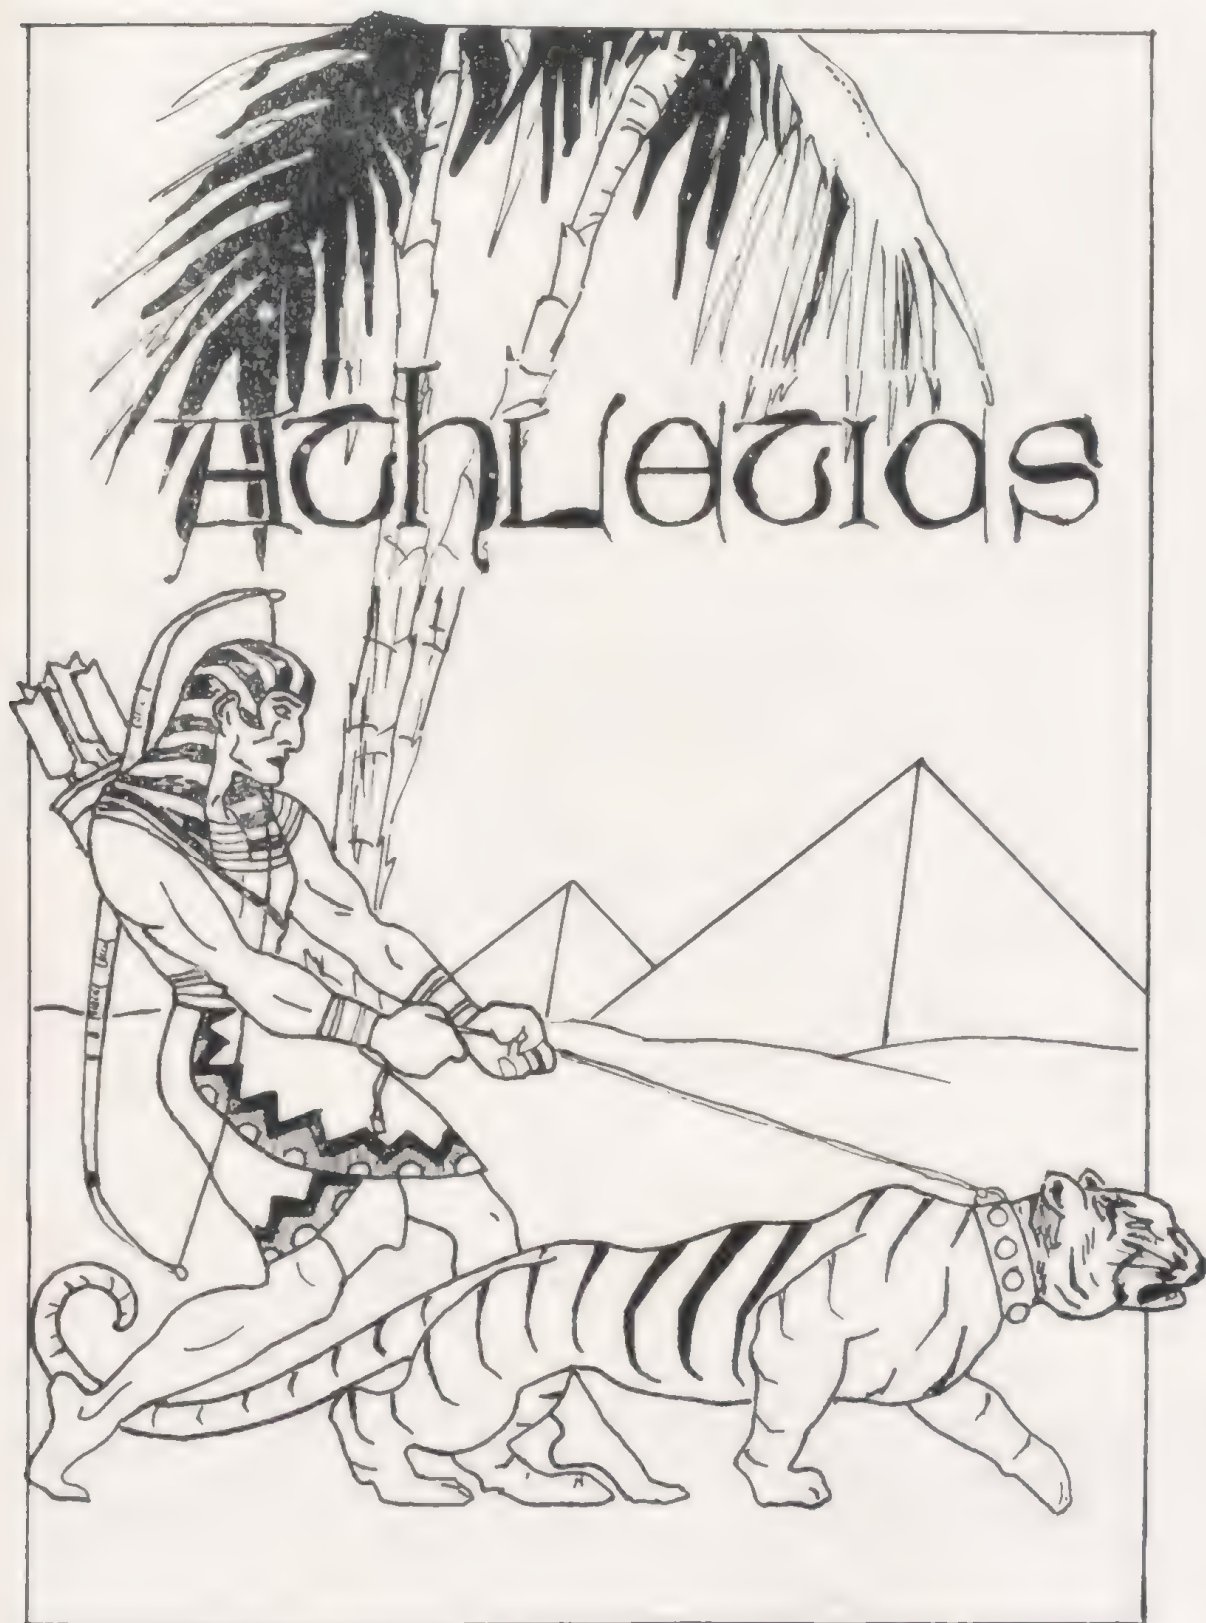

Under the leadership of our president, John Schrameck, we set out to teach the Sophs a lesson. After mastering such trivial studies as Algebra and Latin, we were rewarded by finding more Freshmen than Sophomores on the Honor Roll.

At last the school took notice of us and we soon scaled the icy wall which had surrounded the friendship of the other students.

Leaving the few stragglers behind, we entered the second half of our journey in February. Now we work hard, but are patiently waiting until we, the mighty Seniors of '34, will dedicate the Tiger and inspire other Freshmen to overcome other trials and tribulations which undoubtedly accompany the Freshmen trail.

E. H. S. FOOTBALL SEASON

CAPTAIN AX

The "Tigers" opened their football season under the bright lights in a contest with Gillespie. The game, played before a very large crowd, ended in a scoreless tie, although the Bengals were the main aggressors. Both teams played well, defensively, and both made many early season offensive mistakes.

The heavy Staunton eleven next came to the "Tiger" camp and were surprised to leave in defeat. The "Tigers" trailed by six points throughout the game, but by means of an aerial attack and a blocked punt scored two touchdowns with less than two minutes to play and emerged victorious to the score of 12-6.

Marquette High of Alton was the next victim of the "Tiger" onslaught. The Orange and Black had an easy time rolling up a good score, and in the second half the "Tiger" substitutes took the field. They followed in the Regulars' footsteps and held the Marquette boys scoreless as well as accounting for a few touchdowns. The game ended 32-0.

The first conference game was played with Belleville in our own backyard. In a stifling heat the "Tigers" suffered their first defeat. Belleville scored early in the first quarter and again in the third and fourth to bring the count to 19-0.

Our next game was with Madison, a newcomer to the conference, whom we easily defeated. However, it was not until the second half that any real scoring was done, but the E. H. S. Regulars succeeded in rolling up a 33-6 score, and the second and third teams finished the game in nice fashion.

East St. Louis, the "big shot" of the conference, now casually visited E. H. S. with the mere intention of giving us a good beating. However, they were surprised and were just barely able to defeat us by reason of a series of breaks. A long pass that enabled the East Side right end, after juggling the ball for a few seconds, to step across the goal line occurred in the last minute of the first half. Both teams

THE TIGER

fought on equal terms but this was the turning point of the game. In the second half the "Tigers" fought gamely but East Side with seven points to its credit was the more aggressive and succeeded in pushing over another touchdown, but not until the last two minutes of the game. The final score was 14-0. This ended our season under the flood lights.

The Orange and Black played their first day game at Wood River and came back with a victory to their credit. The game was closely played throughout and after both teams had scored one touchdown, the "Tigers" buckled down and managed to score the winning touchdown in the closing minutes of the game to make the score 12-6.

COACH BLODGETT

Collinsville, that traditional rival of the Bengals, was the next opponent. The "Tigers", seeming to lack that old fighting spirit that always prevails when these teams meet, played poorly on defense, and as a result had possession of the ball very little and then usually on their own 20-yard line. Collinsville succeeded in ripping open the "Tigers' " line and in the second half scored two touchdowns. This game was played at Collinsville and the final score was 14-0.

Alton, next in line, was met on the local field, and the "Tigers" started out in a rush that netted a touchdown. After the first rush they unconsciously settled down and permitted Alton to score twice. It was by desperately playing that the "Tigers" finally succeeded in scoring a second touchdown, and upon failing to annex the extra point, the score ended in a 13-13 tie.

E. H. S. next played and easily defeated Livingston by a score of 21-0. Livingston did not show much opposition and the "Tigers" had things their own way throughout the game.

Granite City, conference champion, ended the Orange and Black's season by handing them a beating, in a stinging snow, to the tune of 65-6. After being held to a 13-6 score for the first half, the Happy Warriors broke loose, crossing the Bengal's goal line time after time. Every player on the "Tiger" squad was given a chance to play and so ended a season that should have been the best, but did not end that way.

E. H. S. BASKETBALL SEASON

The "Tigers" battled Beaumont High of St. Louis to open their basketball season. Beaumont showed the results of having had previous games and started off to a lead that the "Tigers" could not overcome, and so our first game ended in defeat by a score of 32-22.

Gillespie was next met and the "Tigers" were handed another beating. Score 20-14. Both teams played a slow game and many bad passes were made.

Our first conference game was played at Madison. The "Tigers" played fine basketball and held Madison to one field goal. However, Madison scored 14 foul shots and the "Tigers" barely managed to win 18-16.

The Bengals met and defeated Livingston on the latter's home floor by a score of 19-14. The "Tigers" had things much their own way throughout the game.

The annual alumni game ended in a victory for the alumni. Score 29-22. The game was marked by the usual roughness. Judd and Strief led the attack for the graduates while Stolze was high-point man for the "Bengals."

And then Collinsville visited the "Tigers'" lair and promptly walked off with a nice victory tucked under its belt. Score 43-20.

The "Bengals" next journeyed to East Side with high hopes.

the "jinx" still prevailed and we succeeded in scoring only 16 points while the East Siders were piling up 36.

Wood River was next in line and the "Tigers" showed what they could do. As a result the

game ended with E. H. S. on the long end of a 19-14 score.

After defeating Wood River the "Tigers" met the Granite City Warriors on the following night and we hope that the closeness of the two games is sufficient alibi for the 41-18 beating that we took.

The "Tigers" then seeing that it was necessary to redeem themselves journeyed to Altoona fully determined to win, and did so in a fast and furious game which ended in our favor 23-21.

Belleville was our opponent and we were defeated 30-17. The "Tigers" played listlessly, and it was not until the last quarter that they showed any scoring punch. Long shots that did not go in were the feature of the game.

Madison, who met defeat at the hands of the "Tigers" earlier in the season, reversed the charges and decisively defeated the Bengals by a score of 27-21. The game was played on the E. H. S. floor.

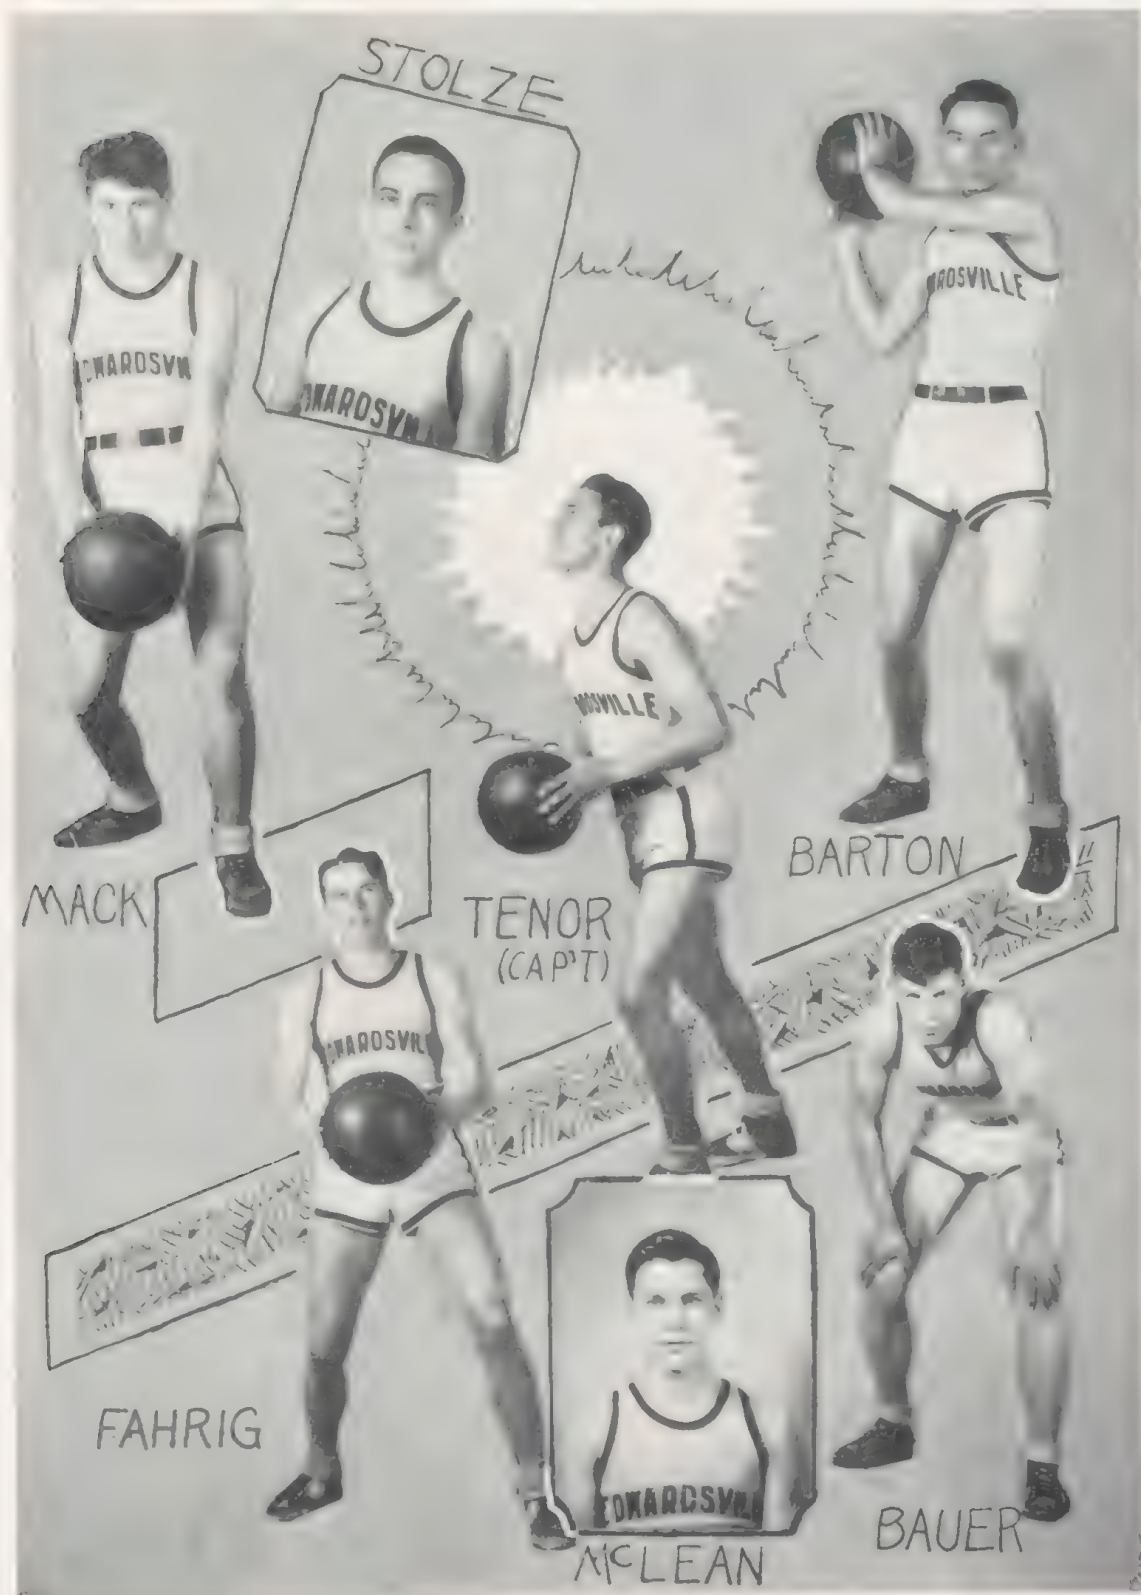

Collinsville again defeated the "Tigers," this time on their own floor and by a wider margin. Score 41-11.

East St. Louis was next met and the "Tigers" managed to give more competition than in the first game, but East Side came out on top by a score of 31-23.

The "Tigers" losing streak was extended to five when they met defeat at the hands of the Wood River "Oilers" on the Wood River floor. The score 19-12. Something seems wrong with the "Tigers": we wonder what it can be.

Granite City was the next in line and the game was a mere

THE TIGER

THE TIGER

repetition. with the "Tigers" making a better account of themselves, although the score was 40-24.

At last the "jinx" was broken when the E. H. S. warriors defeated Alton on our own floor by a score of 33-24. Captain Tenor was high-point man, with Fahrig not far behind.

And then Belleville upset our plans by handing us another

little defeat. The "Tigers" made but three field goals, while Belleville scored 9. Score 27-11.

This officially closed the E. H. S. basketball season, but in an interconference game with Lebanon the "Tigers" "busted" loose for a 23-16 victory. Lebanon placed second in the Cahokia Conference.

Thus ended the season.

DISTRICT TOURNAMENT

The district tournament was held, as in the past, at Edwardsville. Collinsville won the right to go to the sectional by defeating Madison, Edwardsville, St. Jacob, and Granite City. In doing so the Kahoks piled up over 170 points to their opponents' 70.

Granite City ranked second, St. Jacob third. The Tigers were unfortunate in drawing Collinsville for their first opponent but the Bengals succeeded in holding the Kahoks to a better score than any other opponent.

THE TIGER

TRACK 1930

The 1930 track season opened with a triangular meet with E. H. S., Collinsville, and Belleville, which took place at Edwardsville. Parker beat Fahrig in both the 100 and 220 and, as the Tigers were especially weak in the field events, were defeated by both teams. Collinsville won the meet with $53\frac{1}{2}$ points. Belleville scored $33\frac{1}{4}$ and the Tigers $27\frac{1}{4}$.

The Tigers, over-confident, met Wood River in a dual meet and were surprised to come out on the small end of a 67-51 score. However, we were without Reno, and, as a result, were minus about 20 points—enough to change the results.

The Quad meet took place at Wood River and the Tigers surprised the fans by emerging victorious with a total of 57 points. Wood River was second with 37, and Alton and Granite finished in order with 19 and 11 points, respectively.

The whole squad journeyed to McKendree to compete in the interscholastic meet, but the competition proved too stiff and they managed to score but three points.

On the following week the district meet was held on the McKendree field and although several players managed to secure a place in the various events, Fahrig was the only one to qualify for the state meet at Urbana. He qualified on both the 100 and 220 yard dash.

The Conference meet was again held at Edwardsville. Collinsville, led by Parker, piled up a total of 31 points to nose out the Tigers by three points. The meet was a toss-up among Collinsville, Edwardsville, and East Side until the relay was run. Collinsville won the relay and thus managed to win the championship. The Tigers scored 28 points and East Side ranked third with $26\frac{1}{2}$.

THE TIGER

EDITORIAL

It is not easy to write a pleasant editorial, thanking everyone for helping the staff put out this annual, when the staff—the Editor especially—is feeling overworked. As we burn midnight oil striving to prepare an annual of which our class will be proud, we wonder if it is really worth doing after all. Is it really worth our time to work on something that, although it contains the products of our best efforts, will not be appreciated by our classmates and will be criticized from all angles? We cannot feel kindly toward the one who refuses to buy a Tiger, toward the one who will not have his picture taken at the time specified. We are angry at all the students because of the faults of a few. Then into our fog of deep despair comes a cheerful helper—perhaps a typist offering to type our annual. As we approach our classmates, those who really have the interests of their school at heart, we realize that most of you, our readers, are behind us, helping us on. So, with smiling faces, we, the staff of the Tiger unite in thanking all who have aided us in creating a book which we hope is worthy of our school.

GIRLS' ATHLETIC ASSOCIATION

The G. A. A., which was organized in the fall of 1928, is a member of the Illinois League of High School Girls' Athletic Associations. It is a club for girls who are interested in athletics. The aim of the association is to further health, sportsmanship, and athletic ability.

Under the leadership of Miss Oliver the G. A. A. members hike once a week. Miss Pergrem coaches them in volley ball. Miss Weigel is coach for tennis, and Miss Weigel and Miss Quernheim for basketball.

Not only does G. A. A. offer special advantage in athletics, but it also provides social activities. Last year we gave a Christmas charity party for the poor children of the town. This turned out such a great success that we are going to give the poor children a Christmas party every year. In early spring the G. A. A. always gives a banquet for the team that wins the girls' interclass basketball tournament. During the school year we have various campfire meetings and parties.

Last summer three of our members attended the G. A. A. State League camp at Salem, Illinois. There they became acquainted with G. A. A. girls from all over the state. They took part in all the sports and activities that the camp offered, and after a week they returned home, saying that no camp could excel Salem G. A. A. camp in either fun or athletics.

JUNIOR PLAY

"THE MUMMY AND THE MUMPS"

"The Mummy and the Mumps," a comedy farce, was presented by the Junior Class, April 7, in the High School Gym. The play was directed by Miss Mildred Barnett and was one of the finest the school has had.

The action of the play revolves about Sir Hector Fish, who breaks quarantine for mumps and travels to Fenalla, a girls' school, in a mummy case. After arriving at this school, fearing he will be arrested for breaking quarantine, he tries to remain hidden and quite an amusing situation develops.

Other plots develop along with this and especial attention is directed to Francis Briscoe, Racker, and the others. The play is frightfully tangled but is straightened out at the end and Sir Hector gets Anna, Francis Briscoe gets Dulcie, and William Laidlaw gets Maude.

Ethel immediately "falls" for Chet and everything progresses according to Hoyle until the movie queen, who is supposed to have loved Chet madly, arrives in town. The story is very complicated from then on. This play was presented May 7th by Miss Elsie J. Sloan.

THE TIGER

LYCEUM PROGRAM, 1930-31

Oct. 15—The King Male Quartet.

This group of singers and bell-ringers was fairly good. Their songs were rather old but their bell-ringing act had a few new "twists."

Nov. 13—Capt. J. H. Hedley.

Capt. Hedley, a jumpy, nervous, little Englishman, who acted as if he were about to dive off the stage, gave a good entertainment. He told of his exciting experiences in the air service during the World War and by the end of his talk had won over all of the students with his amazing personality.

Dec. 4—The Allpress Company.

A fair musical performance for those who liked difficult violin music. The curly-haired violinist "won over" most of the girls and so the performance seemed to be well liked.

Dec. 16—David Wulf Anderson.

Although this man gave a very interesting talk, in the minds of most of the students it seemed as if he "spilled too much mush" about George Washington's love affairs.

Jan. 5—Bill Bone.

'Mid the banging of radiator pipes we listened to a bald man spout poetry. He was enjoyed despite the fact that his talk was dry in a few places.

Jan. 26—The Loveless Quartet.

A good quartet, which fooled most of the students by playing trumpets, trombones, bassoons, and saxophones instead of singing. The saxophonists amused the audience by looking cross-eyed.

Feb. 16—Hotan Tonka.

Can you still talk the Indian sign language after seeing this Indian's act?

Mar. 6—The Frye Company.

A magician and an assistant who made up the "Company" part of the program. Most of the students will probably never figure out how he shot the dart through his helper. The school got its moneys worth out of this.

Mar. 30—Anne Varner Baker.

Imitations, clay-sculpturing, and chalk-drawing work were done by a plump woman who talked in a high-pitched voice.

Apr. 27—Glenn L. Morris.

A very interesting scientific show which puts a very fine finishing touch to a very good Lyceum course. On a whole the talks and exhibitions were better than the musical numbers—but what more do you want for a thin dime?

CHRISTMAS PROGRAM

A two-act play, "Let the Chimes Ring," was presented under Miss Wood's direction by the Sophomores. It was followed by an inspirational talk by Rev. David S. Wahl.

Senior Party

On October 1st the Seniors gathered in the High School Gym for an evening of fun. The first part of the evening was spent in playing bunco and those who were lucky or unlucky enough received prizes.

The greater part of the evening was turned over to dancing. The strains of the music were so sweet that all—or most all—of the boys and girls tripped the light and fantastic.

The usual refreshments of ice cream, cake, and pop were served and greatly enjoyed by everyone, and in spite of the rather small crowd we all had a most wonderful evening.

Hallowe'en Party

On the night of October 31, 1930, all the witches, ghosts, and goblins gathered in the lower corridor of the Edwardsville Institution of Learning (otherwise known as the Edwardsville High School) to welcome the "hundreds" who attended the annual Hallowe'en party.

The guests were taken through the long hall in which these frightful spirits were stationed. However, nothing could stop the guests and they soon all joined in a grand march which was led by Mr. Gunn, and he really led everyone a wild chase.

Prizes were awarded for the most attractive costumes, most original, funniest, etc. Among those receiving prizes were two members of our faculty, Miss Ricke, a cowboy, and Mr. Smith, a woman.

After the awarding of the prizes most enjoyable refreshments, consisting of pop-corn balls, apples, candy, cakes, and pop were served.

The remainder of the evening was spent in dancing to the tune of a most enjoyable orchestra—and the guests danced and danced.

THE TIGER

Junior-Senior Party

The Juniors and the Seniors got together and had a party. This all happened on January 22. Everyone was given the name of an automobile and various contests were held, one of each of the different cars participating. A gum pulling contest furnished much enjoyment and, would you believe it, one of our teachers gave the winner a very close race. Well, the Buicks won, but to cheer the losers up the orchestra started playing and immediately everyone started dancing.

Nobody envied the much-loved basketball players for they had to miss out on the good ice cream, cakes, and pop and they had to go home very early.

Sophomore Party

The Sophomore party fell on February 13. It was the same as always, having contests and refreshments, followed by dancing. The party was better attended than usual. Music was by Stroud.

Girls' Party

A very unusual party was held for the girls of E. H. S. on February 26. The affair was a Gypsy party and upon her arrival each girl was given bunches of colored crepe paper, out of which she made her costume for the evening. Irma Tedrick was awarded the prize for the best costume.

A "wheel of fortune" and several fortune tellers furnished much of the entertainment for the evening, but as usual, dancing was the main feature. Circle dances were called by Miss Pergrem, who is a very capable "caller." There were several specialty dances during the course of the evening which pleased the girls (with the exception of those doing the dances) very much.

Refreshments of ice cream, cakes, and punch were served.

Freshman Party

The Freshman party, held on March 20th, attracted a large number of the Frosh. The eats and decorations were suitable to St. Patrick's Day—even Mr. Kinsel wore a green necktie, although he was a few days off schedule. Jerry Stroud furnished the music for the hop, and the Freshman party climaxed the E. H. S. social season.

THE ABSENT-MINDED PROFESSOR.

Bought a new car because he could not remember where he parked his old one.

Fell overboard and forgot that he could swim.

Held an egg in his hand and boiled his watch.

Dot J.: "Oh, dear, tell me what you saw!"

Don: "The moon." ※ ※ ※

Two faces were close together, the man's grim, tense; the other face was small and white, with two slender hands pressed tightly against it. It was those frail hands that riveted the man's horrible gaze.

"Terrible!" he said, still staring. And in his voice was hopeless, stark tragedy; for that other face was the face of his watch, and these little hands told him that he had missed the last train.

HOW TO PREVENT CHEATING.

1. Students will march to class under guard of Edwardsville's police force, equipped with sawed-off shot-guns.

2. Students will be stopped at doorway and searched for contraband notes and the like.

3. Before entering class, each student will be submitted to a psychological test to determine whether or not he has any intention of cheating.

4. Classrooms will be decorated with such mottoes as "Honesty Has Its Reward" and "Think Before You Cheat."

5. Each student will wear blinds and place a handkerchief over his mouth.

6. Students and teachers will enter together, and the doors will be locked and sealed.

7. Students will sit two seats apart, with teachers standing between each student. Teachers will be armed with blackjacks to inspire respect.

8. Additional teachers on the outside will watch through peep-holes in the wall.

9. Highly tuned dictaphones will be concealed behind the pictures to catch the slightest whisper.

10. When the student has finished his exam., a lie-detector will be used to find out whether or not he has cheated.

Before marking the papers, teachers will discount 10 points from each paper on the possibility that the student has cheated. ※ ※ ※

There is a story of a young New England business man and deacon in the church who was going to New York City on business and while there was to purchase a new sign which was to be hung up in the front of the church advertising a new movement in the church. He copied the motto and dimensions of the sign but went to New York and left the paper in his coat at home. When he discovered that he had left the paper at home, he wired his wife, "Send motto and dimensions."

An hour later a message came over the wire and the young lady clerk who had just come from lunch and knew nothing of the previous wire, fainted. When they looked at the message she had just taken, they read "'Unto us a child is born,' 6 feet long and 2 feet wide." ※ ※ ※

Helen Svoboda: "Look, there's a dear, old-fashioned girl. Her dress buttons all the way up the back."

Margaret Smith: "Nonsense, that's her backbone."

THE TIGER

FOOTBALL AS IS FOOTBALL

The E. H. S. Tigers left their lair and surged on the field in a mighty wave. The thirteen fans in the stands cheered wildly and so loud that they could be heard even as far as the east entrance of the field.

Captain Ax lined up his men and such as were present for ornaments, and after executing a snappy right dress and counting off, found that the satirist Tenor was missing from the field. Immediately an extended search was started and at last he was found in the girls' locker room singing "Happy Daze Are Here Again." When the boys finished with him it didn't appear as if they were going to be able to use him.

By this time the Staunton Miners had slunk on the field. The Tigers won the right to kick off by using Mr. Krumsiek's loaded dice. Staunton returned the ball three hundred and forty-five yards in a continuous circle but were forced down because of a broken propeller. Wilson then got possession of the ball through some underhand work for which he is very well noted. The Bengals went into a huddle and came out of it upon the application of ammonia, water, the promise of stream-line helmets, and a credit account at Delicate's new drug store.

By this time the E. H. S. cheerleaders had come out of their morning salutatio (Latin meaning salutatio) and were doing setting-up exercises on the goal posts to the time of "Hallelujah," played by Jerry Stroud's Orchestra. Spitze executed a perfect single to center. Berleman then took the ball three hundred and four inches (Eastern Standard Measurement) down the side lights, collecting four dates and three bids to dances. Ax then crashed through for two yards and an old pair of shoes. McLean, deciding to make the hole in a lifesaver bigger, went into low gear and plunged through the West gate and was fast disappearing over the horizon when last seen.

The cheer club expressed their great pleasure by first throwing Mr. Smith and then each other over the grandstand. By this time Blackburn had got his machine out of the shell holes behind the gym, and appeared on the field with all the gracefulness of a fairy with Mack trucks tied to her feet. He was immediately injected into the fray by the use of a hypodermic needle, and just as immediately ejected for using brass knuckles and profane language.

The occupants of the stands were awakened by sweet strains of the E. H. S. players singing that famous touchdown song "After the Ball Is Over."

And so the spectators having nothing better to do tarred and feathered the water boy and four teachers and went home and enjoyed their turkey dinner, even though it was not Thanksgiving.

THE TIGER

NINE POINTS OF ADVICE TO GIRLS.

1—Keep away from track men; they are usually fast.

2—Never make dates with biology students; they enjoy cutting up too much.

3—The football man is all right; he will tackle anything.

4—You can trust a tank man; he will dive in and do his best.

5—The tennis man is harmless, but he enjoys a racket.

6—Watch out for the baseball man; he hits and runs.

7—Be careful of the member of the dramatic club; he usually has several good lines.

8—Don't play cards with a civil engineer; he's a bridge specialist.

9—Always let the member of a band talk about himself; he enjoys blowing his own horn.

For many minutes there had been a violent ringing at the night bell of a pharmacy until finally the druggist, who lived above, sleepily crawled in to his clothes and went downstairs. At the door he was confronted by a son of auld Scotland.

"Five cents' worth o' bicarbonate of soda for indigestion, if ye please," the latter requested.

"A nickle's worth of bicarbonate of soda at this time of night?" exploded the druggist. "Getting me up for that when a glass of hot water would have done just as well."

"Weel, weel," returned the Scot, pocketing his money. "I thank ye for the advice, and I'll no bother ye after all. Good night."

"Are you laughing at me?" demanded the irate Miss Flagg of her class.

"No," came the answer in chorus.

"Well," insisted Miss Flagg, "what else is there in the room to laugh at?"

Stella Burgdorf: "Some men thirst after fame, some after money, some after love."

Joe Mc.: "I know something all thirst after."

Stella: "What is that?"

Joe: "Salt herring."

A Gossiper: "Did you have much snow this year?"

Another Gossiper: "A fair amount, but my next door neighbor had more."

First Gossiper: "How could he have more?"

Second Gossiper: "He has more land than I have."

GOOD GRAMMAR.

Miss Gewe: "Parse the word 'kiss.'"

Bill Henry: "This word is a noun, but it is usually used as a conjunction. It is never declined, and more common than proper. It is not singular, in that it is usually used in the plural. It agrees with me."

Did you hear about the absent-minded professor who jumped from an aeroplane and didn't open the parachute because it wasn't raining?

Miss Davis: "There's a student in this class who's making a fool of himself. When he's finished I'll commence."

The Professor was delivering the last lecture of the term. He told the students with much emphasis that he expected them to devote all their time to preparing for the final examination.

"The examination papers are now in the hands of the printer," he concluded. "Now, is there any question you would like answered?"

Silence prevailed for a moment then a voice piped up: "Who is the printer?"

First Student: "My brother is so strong that the other day he tore up a pack of cards with one hand."

Second Student: "That's nothing. My brother is so strong that this morning he rushed out of the front door and tore up the street."

First Tenderfoot (on overnight hike, examining beds constructed by Scouts): "This is a three seasoned bed."

Second Tenderfoot: "How's that?"

First Tenderfoot: "No spring."

Elizabeth Starkey: "The Lord made us beautiful and dumb."

Kaاربة S.: "How's that?"

Elizabeth: "Beautiful, so the men would love us and dumb so that we could love them."

Nigel: "Would you believe it, Charles, a girl came in today and asked for a good book, so I suggested 'The Three Musketeers,' and she said she didn't care about the books on insects."

Chas. B.: "She must have been dumb. Where is that book? I like books about insects."

"I'm a screamer, aren't we all," admitted Claude, the beautiful baritone.

CAN YOU IMAGINE

Reno Tenor not getting the last word?

Paul Stolze in a hurry?

James Abbee sitting still?

Roger Lee forgetting his girl?

Edward Ferguson minding his own business?

Joe McLean as a woman hater?

Richard Smirl forgetting scientific problems in his conversation?

Stella Bernasek not being engaged?

Norma without Jerry?

Teacher: "What people are scattered all over the earth?"

Class (in chorus): "Pedestrians."

Mr. Kinsel: "Can you tell me the name of any animal peculiar to Australia?"

Ed Bast: "The rhinoceros, sir."

Mr. Kinsel: "Wrong. That's not found in Australia."

Ed Bast: "Well, sir, that's exactly why it would be peculiar."

Edna Feldner: "Can you give me an example of a paradox?"

Elizabeth Nicolussi: "A man walking a mile but only moving two feet."

Things Equal to the Same Thing Are

Equal to Each Other—Be-

lieve It or Not.

Earl Wise is tall.

Therefore, Earl is a flag pole.

The class composition was on "Kings" and this is what one boy wrote:

"The most powerful king on earth is Wor-king; the laziest, Shir-king; one of the worst kings, Smo-king; the wittiest, Jo-king; the quietest, Thin-king; the thirstiest, Drin-king; the elvest, Win-king, and the nois-est, Tal-king."

WANTED.

By the 3-1 English classes — A medium to allow them to talk to one William Shakespeare so he can tell them how Macbeth looked.

By the teachers—Someone to teach the Freshmen how to act in class.

By Donald Wilson—More parking places in the hall.

By Myrtle Hyten—Someone to help her with her English.

By Dan Dippold and Ed Augsburg-er—Someone who will give good sensible answers to all their questions.

By Dot Barnett—A way to ride home from school every day.

By Dot Hyten—More excuses to stay at home.

Miss Benner: "What made you oversleep this morning?"

Ruth Alpiser: "There were eight of us in the house, but the alarm was set for seven only."

Ed F.: "Do you make life-size enlargements from snapshots?"

Mr. Strebler: "That's our specialty."

Ed.: "Fine. Here's a picture I took of the Grand Canyon."

Sweet little ribbon,

Do not cry.

You may be a bathing suit

Bye and bye.

And then there's the gal who's so dumb that she thinks she gets water on the knee from wearing pumps!

"Hey, you!" yelled the traffic officer at Paul Stolze, "why don't you use both hands?"

"I'm afraid to let go of the steering wheel!" grinned irrespressible Paul.

M. Kearney: "Oh, Mr. Policeman a man has been following me."

T. P. Reilly: "Are you sure he was following you?"

Mary K.: "Yes. I went back two or three times to see if he was coming."

Ed Ferguson (on exam. day): "All fools ask questions."

Helen Jensen: "So you were three months in the hospital. Must have been pretty sick."

Bob Smith: "No pretty nurse."

D. Barnett: "Give us a kiss."

R. Smirl: "Wait till I see who's with you."

Look out for your tongue. It's in a wet place and liable to slip.

Did you ever hear of the contortionist who got absent-minded and threw his wife out of joint and then kissed his hip goodbye?

Little Boy (to parson): "Please pray for my father's floating kidney."

Parson: "But I can't pray for any one thing like that."

Little Boy: "Well, you prayed for the loose livers the other day."

"I hear that one of our football players got choked to death."

"You don't say! How did it happen?"

"Well, he was eating a piece of horse meat and some one hollered. 'Whoa!'"

Frosh: "I want a dime chocolate bar."

Clerk: "Nuts?"

Frosh: "Nuts yourself, you impolite oaf."

He: "Dearest, I love you and want you for my wife."

She: "Goodness! What would she do with me?"

M. Jordan: "Why do you keep looking at your trousers?"

Don D.: "I don't like them."

Merrell: "Why? They fit like gloves."

Don: "That's why I don't like them. I want them to fit like pants."

Jerry Stroud: "Did you know they took Amos 'n' Andy out of the movies?"

Norman W.: "Yeah, Pepsodent removed the film."
